AUTUMN EDITION 2020

ISSUE
14

The first finished classroom pod at Green School New Zealand, sustainable, modern and innovative design at it's best.

Autumn Techtalk

It's Autumn already! 2020 has gone so fast, and we want to show you what we've been doing. It's been a super busy year for us so far, here's some updates...

In this issue of Techtalk:

- Project updates
- Our new feedback platform
- Recent celebrations

Warm regards,
Brett and the Team.

// Green School NZ

Green School has been designed from the most organic materials available, in order to function sustainably, and provide students with a shelter nestled amongst nature where they can have a safe and comfortable environment to learn and focus.

Techlam were contacted very late in the design stages of the project to see if we were able to produce the components for Green School within a strict timeframe, we rose to the challenge, determined to deliver a sustainable solution on time.

We're very proud to supply the glulam portals, purlins and bearers for Green School New Zealand's 3 classroom pods. the results are amazing.

// Project Update

Johnsonville Library

The large timber columns featured in the Johnsonville Library were supplied by us. Diameters of 500mm! This project was opened at the end of 2019.

Kerikeri Childcare Centre

Kitset glulam roof components are on show at the Kerikeri childcare centre.

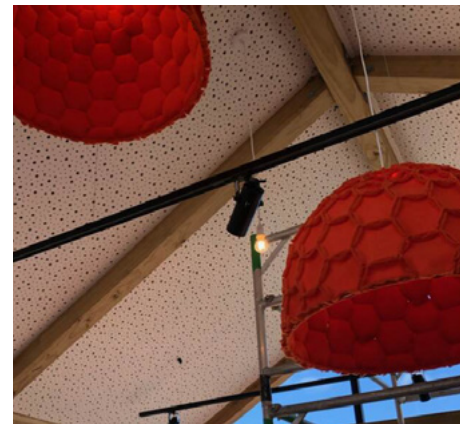

Our Lady of Kapiti Parish

Glulam Chevrons at the new Our Lady of Kapiti Parish are looking great. The project is due to be finished soon, so we'll have another update once it's done.

Gulf Rise Pavilion

The Pavilion at Metlifecare Gulf Rise in Auckland looks great! Bringing a fresh look to the retirement village and blending into the surrounding area seamlessly.

Hobsonville Childcare Centre

Some very detailed prefabricated members complete the Hobsonville Childcare Centre in Auckland. All these members were prefabricated in our plant, to minimise time spent fabricating onsite.

Hornby Working Mens Club

The Hornby Working Mens Club is coming along nicely, We supplied the fully prefabricated truss, portals and rafters for this project.
